This map has been compiled in AUTOCAD VERSION 14, using a DTA-DM Mapping system with universal stereoplotter. Our jobs comply with national map accuracy standards, except where ground is not visible, like areas of heavy trees, clear areas in-between trees with no stereo images, heavy brush, heavy shadows, or blind areas in the back of some structures or tall buildings. We comply with map accuracy standards from ASPRS and American Congress on surveying and mapping printed by U.S. Department of the Interior.

Photography Date: 10-22-03
